School Christian Vision

St. Mary's Christian Vision

Through God's love and our Christian Values, we encourage each individual to love, respect and value God, themselves and others.

We encourage and nurture everyone to flourish and grow into the unique person God made them to be, ready to go out into the world to love others.

This is rooted in Jesus' words: Love one another as Jesus loved us. (John 13 v 34-35)

1. Introduction

"No caring parent wants their child to be bullied or to bully for any reason."

Church schools are places where boundaries are strong, where any harmful words or actions are known to be unacceptable, and where there are clear strategies for recognising bullying and dealing with it in a framework of forgiveness and restorative justice.

Children and young people in Church of England schools should be able to grow freely and to be comfortable and confident within their own skins without fear or prejudice.

Taken from Valuing All God's Children – Guidance for Church of England Schools on Challenging Homophobic Bullying (2019).

It is recognised that ALL schools at some time will have to deal with bullying issues. Our Anti Bullying Policy fits alongside the school's Behaviour and Discipline Policy. It should be read in conjunction with the school's Safeguarding and Child Protection Policy and the E- Safety and Acceptable User Policy. Everybody who is associated with St Mary's CE Primary School wants it to be a place where each child can learn and grow in a calm and safe Christian atmosphere, a place where people care for each other and where we all feel good about ourselves. To make sure this happens we need to ensure that we create a happy, positive, inclusive school culture in which to promote our pupils' moral development. We promote tolerance, mutual respect and forgiveness within the British and Christian values, encouraging children to make reflective choices.

As part of our School Aims we try to offer an environment where we promote:

- *a welcoming school which ensures all pupils are safe and secure.*
- *an ethos of mutual respect, high standards of behaviour and empathy for others, treating everyone fairly with an understanding of their individuality regardless of race, religion, gender, disability or social background.*
- *a sense of responsibility, enabling all pupils to become valued citizens and contributing members of society, who appreciate and respect cultural identity.*
- *an appreciation of the Christian values within the ethos of a Church of England school.*
- *confidence, independence and transferable skills to ensure all pupils can participate fully in school life.*

Our vision 'Love one another as Jesus loved us', places a responsibility on all members of the school community: staff, children, parents and governors to ensure that expectations are consistently high, and these aims are achieved through the consistent implementation of this policy and that children in school are respectful of each other and feel safe.

2. Definition: What is Bullying?

- *At St. Mary's CE Primary School, we define bullying as an action taken by an individual or group with the deliberate intention of hurting another person, either physically or emotionally over and over again.*
- *This summarises the 3 common elements of bullying:*
 1. *It happens repeatedly over time*
 2. *It is deliberately designed and intended to hurt or upset*
 3. *It does hurt or upset.*

Bullying is not:

It is important to understand that bullying is not odd occasion falling out with friends, name calling, arguments or when the occasional 'joke' is played on someone. Children do sometimes fall out or say things because they are upset. When occasional problems of this kind arise it is **NOT** bullying. It is an important part of a child's development to learn how to deal with friendship breakdowns, the odd name calling or childish prank. We all have to learn how to deal with these situations and develop social skills to repair relationships.

3. Aims of the Policy

This policy outlines the approach St. Mary's CE Primary School implements to eliminate bullying in school and develop an ethos where bullying is seen to be unacceptable by all. At St. Mary's C of E Primary School we are committed to providing a caring, friendly, happy and safe environment for all our pupils so that they can grow and learn in a relaxed and safe environment.

We promote, target and highlight this policy with pupils on a regular basis through a variety of different forums. These include:

- Taking part in the annual National Anti-Bullying Week.
- RSHE and circle time.
- Worship.
- School displays.
- Various Anti Bullying Shows including: Bully's Paradise, Anti-Bullying Magician, Ian Bland poet
- Regular visits from the local PCSO
- Biannual presentations from Childline Schools service for Year 5 and 6 pupils
- Class Assemblies on Friendship
- School Council Booklet, which is in child speak and written in collaboration with pupils.
(See appendix 2)
- Taking part in the annual E-Safety Week
- E safety workshops for pupils and parents

We want teachers and staff to :

- consistently model excellent behaviour and the school's Christian vision and values.
- deal effectively with bullying, including through carefully planned RSHE lessons and circle time.
- take all forms of bullying seriously, and intervene to prevent incidents from taking place.
- record on CPOMS any incidents that may occur.
- keep parents informed.
- pass on relevant information to other staff as appropriate.
- establish a climate of trust and respect for all in their own classrooms praising, reward and celebrate the success of all children.

We want children to remember to :

- **Be** a buddy and not a bully to all pupils in school
- **Ask** for help and tell an adult if they think they are being bullied and avoid bad situations
- **No** one deserves to be bullied
- **Do** something that will help a child being bullied and not join in

In school we refer to this as **BAND**

We want parents to:

- support this policy.
- contact the class teacher, if you feel your child may be a victim of bullying behaviour.
- support the school's no hurting rule and do not advise your child to fight back or to repeat the bully's behaviour. This will only make the situation worse.
- tell your child it is not their fault they are being bullied.
- ensure your child is not afraid to ask for help.

4. Recognising the Signs and Symptoms of Bullying:

There are a number of types of bullying:

Emotional: excluding from a group, tormenting, ridiculing, humiliating, belittling

Physical: hitting, punching, pinching, kicking or taking someone's belongings.

Verbal: name-calling, insulting, indirect bullying through spreading stories about someone, threats or making fun of someone.

Racist: racial taunts, gestures, making fun of someone's culture or religion (or lack of religion).

Sexual: unwanted physical contact and comments, sexually abusive or sexist comments.

Homophobic: because of, or focusing on the issue of sexuality or perceived sexuality or the sexuality of a child's family members, use of derogatory language such as 'that's so gay'.

Cyber: setting up hate websites, offensive e-mails and texts, including MSN.

All staff are vigilant and will watch out for the signs and symptoms of bullying

Staff will suspect bullying is occurring if a pupil:

- becomes withdrawn and anxious.
- under-achieves (unexplained drop in standard of work.)
- has poor or erratic attendance.
- fears/dislikes of school (eg feels ill in the morning.)
- prefers to stay with an adult.
- has their possessions repeatedly go missing.

These signs and behaviours could indicate other problems, but bullying should be considered a possibility and will be investigated.

5. Online / Cyber bullying

Like other forms of bullying, online / cyber bullying can seriously impact on the health and self-confidence of those targeted. The school defines online / cyber bullying as: *"the use of information and communication technologies to support deliberate, repeated and hostile behaviour by an individual or group, that is intended to harm others."*

5.1 Bullying by text messages

Bullying by text message has become an unfortunate and unpleasant by-product of the convenience that SMS (short message service) offers. Texting is more casual than a phone call and messages can be sent and received at times when other communication is not convenient. Sometimes text messages are sent to embarrass, threaten or bully someone. This can be particularly upsetting as the message can arrive when the receiver least expects it. Additionally, if the person's number is not listed in the receiver's address book then the receiver will not necessarily know who has sent the message.

This is one reason why children are not allowed to bring mobile phones into school. Children are however advised to be careful about giving out their mobile phone number, and to ask that those that have their number never pass it on. If only known and trusted friends know the number, the less likely it is to be abused in this way.

5.2 Bullying by email

Email provides another method of communication which bullies have seized upon to harass their victims.

The use of email in school is tightly controlled. Children only have the facility to email each other and cannot send or receive mail externally without the support of the teacher. All internal email is monitored by the class teacher.

If being bullied by email, children should not respond to the messages, but should immediately seek help from the class teacher.

5.3 Bullying within chat rooms or by instant messaging

Outside school, children are encouraged to always use moderated chat rooms, and to never give out personal information while chatting. If bullying does occur, they are told not to respond to messages, but leave the chat room, and seek advice from a parent or carer. If using a moderated chat room, the system moderators should also be informed, giving as much detail as possible, so that they can take appropriate action.

6. Procedures for responding to bullying incidents:

Allegations and incidents of bullying at St. Mary's C of E Primary School will be taken seriously by all staff and dealt with impartially and promptly. All those involved will have the opportunity to be heard. Staff will support all children involved whilst the allegations and incidents are investigated and resolved.

In dealing with bullying, school staff will:

- not ignore it.
- ask for evidence (for example screen shots of online messaging)
- not make premature assumptions.
- listen to all accounts of the incidents.
- adopt a problem-solving approach that encourages pupils to find solutions rather than simply justify themselves.
- make regular follow-up checks to ensure that bullying has not resumed, weekly, fortnightly, monthly half termly as required.

6.1 If a Pupil makes an allegation of Bullying

Staff who receive a report of a bullying incident from a pupil will:

- listen to the pupil's account of the incident.
- reassure the pupil that reporting the bullying incident was the right thing to do.
- make it clear to the pupil that he or she is not to blame for what has happened.
- investigate the allegation.
- make an informal record of the allegation and investigation.
- explain that the pupil should report any further incidents to the same member of staff immediately.

Staff will ask the pupil:

- What has happened?
- How often it has happened?
- Who was involved?
- Where it happened?
- Who saw what happened?
- What he or she has done about it already?

6.2 Advice to Pupils

The school will advise pupils who are caught up in bullying incidents to:

- stay calm and look as confident as possible.
- be firm and clear, look the bully in the eye and tell them to stop.
- get away from the situation as quickly as possible.
- immediately tell an adult what has happened.

6.3 Helping the Bullies to Change

Staff will spend time to help pupils who have bullied others to change their behaviour i.e staff will adopt a problem solving approach. If a pupil is bullying others, staff will:

- talk to the pupil and explain how the victim feels.
- encourage the pupil to reflect on ways in which the victim could be made to feel happier.
- identify supportive action that the pupil can take to help the victim.
- meet and review with the pupil again after a short period of time (one week) to identify progress made.
- give the pupil lots of praise and encouragement when he or she is being kind and considerate to others.

6.4 Dealing with Bullying

If the preventative measures and peer support strategies do not succeed, serious bullying will be dealt with under the school's behaviour and discipline policy.

7.0 Recording Bullying Incidents

Where bullying is thought to have taken place, the incident will be recorded using the attached proforma in appendix 1 and uploaded onto CPOMS.

8.0 Co-operating with Parents and Carers

The school will work with parents in dealing with bullying. Bullying in school is everyone's problem. All staff, pupils and parents / carers should be aware that if bullying occurs, there is a shared commitment for all involved to resolve the issue as quickly as possible.

The school will ensure that parents are aware of the school's anti-bullying policy through the school website.

Parents, carers and families are often the first to detect signs of bullying. Common physical symptoms include headaches, stomach aches, anxiety and irritability.

The school will encourage parents / carers who suspect that a child is bullying or being bullied to immediately contact the school and make an appointment to see the child's class teacher as soon as possible.

Parents / carers will be informed if bullying has occurred and involved in discussions. The school will discuss with parents / carers how they can work together to stop the bullying.

9.0 Data Protection - Managing and Storing Information

The procedures and practice created by this policy have been reviewed in the light of our Data Protection Policy.

All documents stored are in accordance with legal requirements where appropriate, and guidance from the Records Management Toolkit for Schools.

a) Anti-Bullying logs are kept confidentially on CPOMS. Such records are retained for the length of time that the child remains at the school (plus one year) and then removed.

This policy:

Has Few / No Data Compliance Requirements	Has A Moderate Level of Data Compliance Requirements	Has a High Level of Data Compliance Requirements
	?	

10.0 Monitoring and Review

This policy is monitored on a day to day basis by the Senior Leadership Team and the Headteacher reports to Governors each term in her report.

This policy will be reviewed **annually by all staff**. Following an annual review, suggestions for amendments will be presented to the Governor Worship and Pastoral Governor Committee and ratification at the next Full Governing Body Meeting
